

COLUMBUS ELEMENTARY SCHOOL

April 20 - April 27, 2018

"PROVIDING A FOUNDATION OF SKILLS TO PREPARE STUDENTS FOR LIFE"

Dear Parents,

Hello there. We are half way through the last trimester of school. You should be getting reports today to show how your child is doing.

Next week we will begin our SBAC State testing in grades 4 and 5. Grade 3 will start the following week. Please help your child by making sure they have good meals and plenty of rest. The teachers work hard to provide a good testing atmosphere and then give them more hands-on activities and less paper-pencil tasks during this time. Encourage your child to work hard and not give up on these. We appreciate all of your help and support during the year and especially during these testing weeks!

This week has been Volunteer Appreciation Week. I would like to take this chance to thank all of our hard-working volunteers for all of their time and dedication. We have a great crew that comes in each week to provide help and support in the classroom. We also have many, many people that come in to help with parties and any other special occasion that comes up. An elementary school truly needs parent support and this is a great way to teach your children about service to others. Thanks again to ALL of you that have helped us out during the year. You are amazing!
